# 10 years of researches based on the amazing UMMO planet documents

Over the past **50 years**, hundreds of texts (more than 1,400 letters) have mysteriously been claimed by representatives of the extra-terrestrial Ummo people, and have been **disseminated all over the world**. Hundreds of thousands of copies are in Spanish, French, English and many other languages.

DENOCLA's researches attempt to give a clear and coherent reading of the UFO sightings, Crop Circle phenomena, and the knowledge about the Exocivilizations from an entirely new perspective.
